## HIGH FINANCE IS BANE OF FARM HAND

Chester Fisher Gets C. Fisher Co. Mail and Tries to Cash Enclosed Check

Similarity in names is alleged to have led Chester Fisher, a ranch hand of Tolleson, into attempting to pass a check made out to C. Fisher and Company which came to him by mistake. The man was arrested by Deputy Sheriff J. T. Murphy, and according to the officers, admitted his guilt. The check was on the Casa Grande bank and was made out to the Fisher company for ten dollars. Chester Fisher, it is said, endorsed the check and mailed it to the bank with the request that it be cashed and forwarded to him, Route 1, Box 22, Tolleson. In the meantime the bank recognized that the endorsement of the check had been forged and an investigation was begun. Fisher and Company is a contracting firm and as a matter of good faith recently deposited ten dollars with the board of trustees at Casa Grande in a business deal. The clerk of the board cashed the check and when time came for payment made a new check and sent it to "C. Fisher." It was received by the Tolleson farmer, who it is charged attempted to raise the amount for which it was made out.

## WEATHER MAN'S NEW QUARTERS

Basement of Water Users' Building Will Be Used by Section Director if Contract Is Approved by the Department

Depending upon the approval of the weather office at Washington, a contract will be entered into shortly, whereby the local weather office is to have rooms in the Water Users' building, according to an announcement by Section Director Robert Q. Grant yesterday.

Notified some time ago that the growth of the various departments had already antiquated the building, and that the present suite used by the weather office would have to be used for other purposes, Mr. Grant made a thorough search for suitable quarters. The basement of the Water Users' building was found to be conveniently located and cool, with plenty of room for the printing department and all the record rooms. The installation of weather recording instruments will remain on the roof of the federal building. All are electrically operated, so that it will be necessary merely to place extension wires in a conduit, leading into the basement of the water users' building. The change can be made without any serious gap in the records.

**NEW NOTARIES**—Notarial commissions were issued yesterday to C. R. Knowles of Buena and C. D. Cooper of Phoenix.

**NEWSPAPERMAN HERE**—Allen T. Jaynes, editor of the Tucson Citizen, is in Phoenix for a few days. He is registered at the Adams. Another Tucson visitor is John B. Wright.

**MINE SURVEY**—Surveyor General Trot yesterday approved mineral survey No. 3276 for the Ora Grande lode mining claim, owned by W. S. Jennings. The claim is located in this county, Section 18, T. 1 S., E. 3 E.

**AD CLUB TO MARCH**—Invitations have been received by members of the Phoenix Ad club to join the Los Angeles Ad club in the big preparedness parade to be held in the Angel City on June 10. This will be the first public appearance of the Los Angeles Ad men, as an association.

**TWO SCHOOLS CLOSE**—Peoria and Murphy public schools will close on Friday. These are the only two schools in the county that have not yet been dismissed, both having a week's work to make up before the summer vacation.

**TWO HAY FIRES**—The fire trucks were called out to dispatch two hay fires yesterday. One was at 326 East Roosevelt, where a haystack had become ignited. The other was at Fifth and Madison, at the old government corral.

**FOR RIDING SIDEWALK**—Raymond DuBois, 217 East McKinley, was arrested yesterday for riding his bicycle on the sidewalk. He will have a hearing in police court at four this afternoon.

**YOUTHS PLEAD TODAY**—Paul Stevens and Cyril Kedington, charged with contributing to the delinquency of a minor were brought into Judge Stanford's court yesterday for arraignment. Judge Shambart asked for a post ponement until today which was granted by the court. They will enter a plea at one thirty o'clock this afternoon.

**SEEKS DIVORCE**—Ore Moore yesterday instituted divorce proceedings against Wesley Moore on the grounds of cruelty and failure to provide. The Moores were married in California in 1905 and six years later Mrs. Moore left her husband because of his alleged unkind treatment.

**BUCK'S IN LUCK**—Fred E. Buck, formerly of the engineering department of the local reclamation service, has been named city engineer of Juneau, Alaska, according to word received by his friends here. Buck lives in Montana, but his Alaska job will be a happy one, for the summer, at least.

**THE BISBEE SCHOOL**—The public schools of Bisbee are in the midst of a commencement week, which began on Saturday and will continue until next Friday night. The actual commencement exercises will take place on Thursday night. This is the best year in the history of the schools of Bisbee and the graduation class of the high school is the largest.

**HONORS FOR LOHMAN**—Judge E. Lohman, formerly a Tempe resident but now of Kelvin, has received word of high honors paid his young son, Henry Lohman, at Sacramento, California. He was given a gold medal for excellency in playing his part so well in a high school play, and was given the high school banner to lead a high school parade, though he was the smallest pupil in his school, the high school at Sacramento. The young lad is well known locally.

**COTTON SUIT ON**—The suit of the Arizona Egyptian Cotton Company versus Rabbitt Bros. and Cowden Bros. was begun in Judge Stanford's division of the superior court yesterday. The plaintiff brought suit to recover \$736.98 which it alleges is due for cold press cotton seed cake bought by the defendants. A counter claim for \$3400 for damages for loss of cattle by use of seed has been instituted by the defendants.

**MUCH RAIN IN EAST**—H. W. Daykin, of the Miller-Sterling company, has just returned from a visit to his former home in Carleton, Ohio. Mr. Daykin reports continuous rains and a delayed spring in Ohio. It has been too wet for much plowing, and the farmers are complaining as a result, but the mechanics are happy and all manufacturing plants are running full capacity. Mr. Daykin also visited Cleveland and other larger cities of Ohio.

## Baking Powder Biscuits

Light as a Feather

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

3 C Baking Powder Biscuits

Three cups flour; 1/4 to 1/2 cup shortening; 3 level teaspoonfuls K C Baking Powder; about 1 cup milk or water; 1 teaspoonful salt.

Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using hard or butter for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pans place well apart, not allowing edges to touch. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

Have you seen the new E. C. Cook's Book? Brimful of appetizing recipes that simply must be successful every time if the few simple directions are carefully followed. You would gladly pay 25 cents for this valuable book, yet we give it absolutely free upon receipt of the colored certificate tucked in every 25-cent box of K C Baking Powder. Jagras Mfg. Co., Chicago. Small cases do not have Cook's Book certificates.

The wettest of all wet drinks that takes the sizzle out of the day.

## VETERAN EDUCATOR IS PROF. E. C. BUNCH

Only One Teacher in Arizona Has Exceeded his Record for Continuous Service, Miss Post of Yuma

Professor E. C. Bunch arrived in Phoenix yesterday from Benson. Prof. Bunch owns a home in Phoenix and it is here that his family resides. He has just closed a successful year as superintendent of the Benson Grammar schools. Next year he will go to Duncan, Arizona at a larger salary.

Prof. Bunch has taught longer in Arizona than any other man teacher in the state. In 1878 he was drafted by the old settlers at Springerville and for a number of winters taught the Springerville school. He was for two and one-half years deputy state school superintendent and for four years county superintendent of Apache county. In addition to this, he has now just completed thirty years of school teaching in the state, making a total of 36 1/2 years service for the public schools of the state.

There is but one teacher in the state who has taught longer than Prof. Bunch, and that is Miss Mary Post of Yuma.

## COW-TESTERS ARE SELECTED BY U. A.

Two cow-testing associations have been formed in the Salt River valley as a result of the joint efforts of Messrs. Jas. A. Armstrong, county farm advisor; G. W. Barnes, livestock specialist, agricultural extension service; and W. E. Meyer dairy division, U. S. department of agriculture. These associations are the Arizona Pioneer Co-operative Cow-testing Association and the Madison-Scottsdale Cooperative Cow-testing Association, with a total of nearly 1,000 cows which will be tested. It is planned to commence the work of testing on May 15, and testers have been appointed as follows: The Arizona Pioneer Association has employed W. W. Pickrell, who will graduate from the Agricultural college of the University this year. The tester secured by the Madison-Scottsdale Association is W. Scheger, who will also graduate from the same institution this year. Mr. Pickrell is a native of the Salt River valley and is well known there. Mr. Scheger comes from near Douglas, where he was brought up on a large ranch. With some of the best farmers in the valley serving as directors of these organizations and two capable young men as testers, it is believed that the work will be a success.
